

# 146 Die, 250 Injured In Circus Tent Fire, Officials Arrested

Most of the Victims Were Children; Cause Of Blaze Not Known Today, May Have Announcement Later

## Circus Fire Thirteenth Major Tragedy

HARTFORD, Conn., July 7.—(P)—While grief among parents, relatives and friends grew hourly deeper, officials placed the list of dead at 146 today as they counted and recounted the victims of the greatest fire in circus history which yesterday turned the Big Top of Ringling Brothers circus into a flaming inferno.

At least 250 other victims, many of them seriously burned and trampled were scattered about the city's hospitals.

Identification of the dead continued slowly as sorrowing friends and relatives of missing persons trooped mournfully through the huge state armory where the dead, many of them charred beyond possibility of visual recognition, lay in somber aisles.

The death toll—which at one time was feared might reach 200 receded slowly as duplicating identifications were corrected but the condition of many in the hospitals indicated it might rise sharply again.

Meanwhile investigators sought the origin of the blaze which was variously asserted by some to have started from a discarded cigarette but by others to have first appeared high above the ground in the lofty tent top, as 6,000 care-free spectators watched enthralled the opening of the big show.

Held in high bail today on charges of manslaughter were five officers of the circus company as Mayor William Mortensen announced he was considering the probability that the city would have to bury many of the prospective unclaimed dead.

### Officials Arraigned

These officials of the circus were arraigned in police court charged with manslaughter:

J. A. Haley, vice president; Geo. W. Smith, general manager; Leonard Aylesworth, boss canvas man; Edward Versteig, chief electrician and David Blanchfield, chief wagon man.

After having been detained throughout the night at police headquarters Haley and Smith were held in \$15,000 bail and the others in \$10,000 for a hearing on July 19.

Only the first act, the performance of the trained animals, had been completed when the blaze, at first so small that, as one witness said, it could have been extinguished with a bucket of water, was seen near the main entrance of the big top.

Survivors agreed that the circus staff had tried valiantly to prevent panic. The first move toward the exits was orderly and many of the children making their way from the tiers of seats were seen laughing excitedly.

### Terror-Stricken Mass

But when the flames roared with terrifying speed to consume the entire canvas roof, the audience became a fighting, screaming, terror-stricken mass.

The circus' future remained doubtful today, although most of its staff agreed that it would return to its Sarasota, Fla., winter quarters as soon as authorities here would permit removal of the remaining equipment.

Herbert Duval, circus adjuster, declared, "We're out of business." But Roland Butler, general press representative, predicted that the show would return to the road later this summer, perhaps using last year's tent which he said "still is in pretty good shape."

### Animals Saved

Butler reported that all the show's animals were saved and that none of the performers had been injured seriously.

Estimates of the fire loss ranged from \$75,000 to \$300,000, but no authoritative report on damage had been issued by the management.

In contrast to the stories of various persons present when the fire broke out yesterday, shortly after the opening of the afternoon performance that the blaze originated low in the tent Hal Oliver, circus press representative said today:

"The fire definitely started at the roof of the tent."

And he added: "We have a theory, but we're not making it public now. We expect to make an announcement later." He further declared that "absolutely no credence was being given any theory of incendiaries or sabotage."

By the Associated Press  
Yesterday's (Thursday) loss of life from fire in the main tent of the Ringling Brothers and Barnum and Bailey circus in Hartford, Conn., was the thirteenth major fire tragedy in the United States in the last 44 years.

The total number dead under the big top was unofficially estimated at between 135 and 200.

Chicago's Iroquois theater fire on Dec. 30, 1903, when 602 persons burned to death, was the nation's greatest catastrophe from fire.

Approximately 500 died in the San Francisco earthquake and fire of 1906, and 498 were known to have been killed in the fire at the Cocoanut Grove night club fire in Boston, Nov. 28, 1942.

Other major fires and their toll include:

Hoboken docks and ships fire, June 30, 1900 — 145.

Coal mine fire at Monogah, W. Va., Dec. 6, 1907—361.

Lake View school fire, Cleveland, March 4, 1908 — 174.

Rhodes Theater fire, Boyerstown, Pa., Jan. 4, 1908 — 169.

Triangle Shirt Waist Co. fire, New York City, March 25, 1911 — 145.

Orle Clinic Hospital fire, Cleveland, May 15, 1929—124.

Ohio State Penitentiary fire, Columbus, Apr. 21, 1930—320.

Morro Castle fire, off Asbury Park, N. J., Sept. 8, 1934 — 134.

New London, Tex., school explosion and fire, March 18, 1937—294.

## Memorial to Pvt. M. E. Ward

Mrs. L. S. Ward, route three, Sedalia and T. L. Ward of the same address, mother and brother of Pvt. Maysell E. Ward, who was killed in action October 22, 1943, have received from the war department, adjutant general's office, the following memorial document:

"In grateful memory of Pvt. Maysell E. Ward, A. S. No. 37243977, who died in the service of his country in the North African area October 22, 1943. He stands in the unbroken line of patriots who have dared to die that freedom might live and increase its blessings. Freedom lives, and through it, he lives—in a way that humbles the undertakings of most men.

"Franklin D. Roosevelt, President of the United States of America."

Pvt. Ward, who entered military service December 4, 1942, had served five months overseas at the time of his death.

### Brothers Meet in Pacific

SAIPAN, Marianas Islands (Delayed)—(P)—Two Marine sons of Mrs. Hazel M. Steeb, route 1, St. Joseph, Mo., were overjoyed to meet on the beach after landing with assault troops on Saipan. Pte. Earl F. Steeb, 20, and his brother, Cpl. Merrill M. Steeb, 22, met near a shore party command post after landing at different times.

### To Receive Oak Leaf Clusters

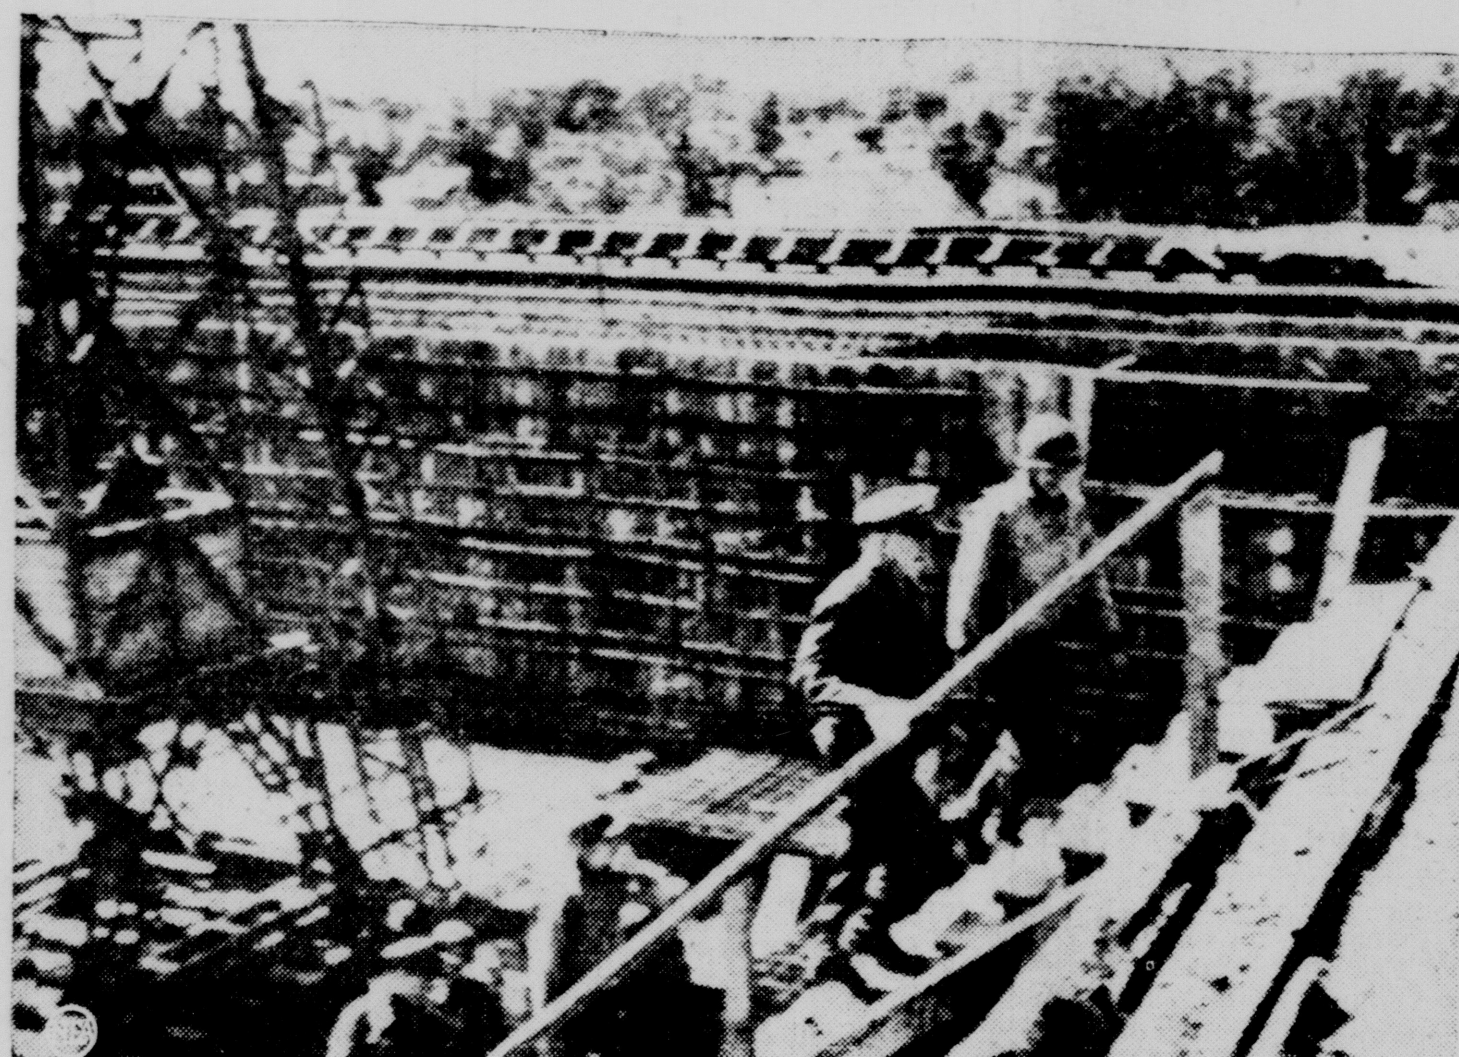

SOMEWHERE IN NEW GUINEA, July 7.—(P)—Lt. Gen. George C. Kenney, commander of the Allied Far Eastern air forces, has awarded Oak Leaf Clusters to the air medal to Tech. Sgt. Glenn W. Blackwell, Lee's Summit, Mo., and Sgt. William G. Allen, Fayette, Mo.

## Boys' Circus Day Instructions

"When we were children, about thirty years ago, my father would sometimes permit us to go to the circus alone, when he was too busy to go with us, but he always carefully instructed us how to get out of the tent in the event something happened," said Emmet Sullivan, an employee of the Sedalia Democrat, this morning.

"There were four of us boys," he said. "On those occasions my father entrusted my oldest brother, Leo, with a large-sized pocket knife. He told us to take hold of hands and to stay together, show-

## Train Plunges Into Gorge, Seventeen Die

### Train Carried 1,000 Soldiers, Fifteen Killed

JELICO, Tenn., July 7.—(P)—At least 17 persons, all but two of them soldiers, were killed last night when a troop train plunged into a 50-foot gorge of the Clear river 11 miles south of here.

Dr. E. P. Muncy, resident physician of Knoxville's General Hospital, said the death toll probably would exceed 40.

The kitchen and baggage cars of the southbound train, reported carrying more than 1,000 soldiers just out of basic training, were burned.

Express Agent C. L. Alley of Jellico said first rescues were made by nearby mountaintop, who tediously hoisted the injured by block and tackle slings up the shrubbery-lined gorge. Waiting ambulances rushed the injured to hospitals in Lake City, LaFollette and Jellico, and Corbin and Williamsburg, Ky.

Rescuers worked doggedly early today to free two soldiers trapped in one of the smashed coaches. Doctors gave blood plasma transfusions to one of them, pinned down in the gorge wreckage. Two others who had been trapped were extricated, one of them dead.

### Hurled from Wreckage

The fireman, identified at a Jellico hospital as J. W. Tummins of Etowan, died in the institution several hours after he was hurled free of the wreckage.

Capt. Kilburn Brown, army public relations officer, said identification of the dead was proceeding slowly. He explained most of the soldiers either had been in their berths at the time of the crash, or were in the wash rooms, preparing for bed. The crash tossed personal belongings together and in some cases caused loss of identification tags.

A soldier, treated at Jellico hospital, whose name was withheld, said the crash occurred "just after we finished chow," and said he thought the fire started in the train kitchen.

"I was in an upper berth," he said, "and was almost thrown out when we went around a curve. Just a moment later she banged off

### Bothwell Hospital Notes

T. J. Thurman, 111 West Jackson, Windsor.

Dismissed today: Miss Wanda Rankin, 902 South Kentucky avenue; Larry D. Nelson, six-year-old son of Mr. and Mrs. D. L. Nelson, 1828 South Sneed avenue; Thomas McVey, McDonald hotel; Mrs. Walter Davis and daughter, Lincoln; Billy E. Wherney, 15-year-old son of Mrs. Lula Beckley, 1519 South Harrison avenue; Mrs. James R. Raney, 523 East Thirtieth street.

Mrs. Charles W. Myers and baby girl, 601 West Fourth street. Mrs. E. P. Launwell, 325 North Park avenue.

### More Can Openers For June Brides

WASHINGTON, July 7.—(P)—June brides got a break today from the War Production Board as it relaxed restrictions on the manufacture of can openers.

The new regulations permit manufacturers to use iron and steel at twice the previously permitted rate for household type can openers and at two and one-third times the previous rate for institutional types. The size and weight restrictions on both types were removed.

### Several Persons Have Description of Prowler

A prowler was reported in the neighborhood of Tenth street and Kentucky avenue, and Eleventh street and Osage avenue, about 11:30 o'clock Thursday night. When the police arrived the man had disappeared.

Several persons saw the prowler and gave an excellent description of the man. The police hope for an arrest today.

## Sedalia and Pettis County Must Not Fail

Sedalians and Pettis Countyans interested in the Red Cross Blood Bank are worried. Sedalia and Pettis county do not often fail in any undertaking, but unless there are many more registrations made at once to give a pint of blood, they are going to fail to make the quota of 1300 set for this county.

At the last Blood Bank held here there were 389 pints of blood taken in one day. To date there have been only 331 persons registered to give blood for the entire week beginning Monday, July 10.

Phone 130 at once and tell them you will help the war effort and the wounded men and women of the armed forces by giving a pint of blood.

## FDR Worried About China

WASHINGTON, July 7.—(P)—President Roosevelt said today the war in China is not going well and that we are a good deal concerned over the outlook.

Mr. Roosevelt tempered his news conference remark, however, by saying the Japanese are in a poor strategic position because their supply lines are so extended and are being menaced by the Allies.

The fighting in China does not seem to be stopping the Japanese advances, the President said.

He agreed with a reporter who observed that if the coast of China is lost the situation would be serious but said it would not be so serious today as a year ago because we are now within bombing range of Japan.

That is something, the president observed.

## Relief Doctors At Sanatorium

JEFFERSON CITY, July 7.—(P)—Private physicians working part time, will help relieve a wartime shortage of doctors at the State Tuberculosis Sanatorium at Mount Vernon.

Ira Jones, president of the eleemosynary board, said yesterday that Dr. E. E. Glenn of Springfield and Dr. W. W. Buckingham of Kansas City have agreed to work there a few days every month—and that like agreements would be made with several other doctors.

The sanatorium now has only three doctors—seven short of what Jones says is needed—and patients have been turned away although 200 of the hospital's 783 beds are empty.

The new regulations permit manufacturers to use iron and steel at twice the previously permitted rate for household type can openers and at two and one-third times the previous rate for institutional types. The size and weight restrictions on both types were removed.

A prowler was reported in the neighborhood of Tenth street and Kentucky avenue, and Eleventh street and Osage avenue, about 11:30 o'clock Thursday night. When the police arrived the man had disappeared.

Several persons saw the prowler and gave an excellent description of the man. The police hope for an arrest today.

## Last German From French Soil in 1944

### Gen. De Gaulle Declares France Will be Free

WASHINGTON, July 7.—(P)—Gen. Charles De Gaulle declared today that the "year 1944 won't pass without the last German in France being killed, captured or chased from our soil."

Speaking in calm and confident French to the staff of the French delegation, De Gaulle declared that France must make itself "great, strong and free."

"France knows that France must be great or disappear," he stated.

He spoke of the cult of greatness and stressed his idea that France must unify herself and rebuild by her own efforts.

He expressed confidence that she would be able to build a political regime that would be strong and profoundly democratic and to remake herself from the point of view of social progress.

De Gaulle emphasized the need for closer relations between metropolitan France and her colonies, declaring that the empire is "one of the most direct evidences of our greatness."

He stressed solidarity among the Allies, praised the progress of invasion forces and promised that "soon our own armies will return" (to France).

The present is full of difficulties but comforting, he said.

As for the past, De Gaulle said that there had been many mistakes — international, political, military and personal.

But the past is over, he said, and the future is before us and our country has all that it needs to make itself great, strong and free."

The general had a luncheon date at the White House in early afternoon. It seemed probable that the first of his several talks with Mr. Roosevelt would begin after the luncheon.

De Gaulle arrived late yesterday by plane and was met with full military honors, including a 17-gun salute.

In the evening Hull played host to De Gaulle at a state dinner.

### Nearing Goal

WASHINGTON, July 7.—(P)—The \$16,000,000,000 Fifth War Loan drive at last reports lacks only \$636,000,000 to reach its goal. Sales through Wednesday totaled \$15,364,000,000, the treasury reported today, or 96 per cent of the quota.

## Russians Into Heart Of Hitler's Lines

MOSCOW, July 7.—(P)—The Red army surged forward today on a 350-mile front into the very heart of Hitler's eastern lines, reaching positions 20 miles from the Lithuanian border in the north and approaching the Western Bug river, first barrier to Warsaw, in the south.

Speeding through the lake country between Minsk and the Soviet Baltic republics, cavalry and tanks of Gen. Ivan Cherniakhovsky's and Gen. Ivan Bagramian's armies captured settlements and villages west of Lakes Svir and Naroch, which put them within striking distance of Lithuania.

## U.S. Airmen Bomb Jap Naval Base

### Second Attack Made By Huge B-29's on Sasebo-Yawata on Japanese Mainland

WASHINGTON, July 7.—(P)—Superfortresses of the U. S. 20th Airforce bombed the Japanese naval base of Sasebo and the steel center of Yawata on the island of Kyushu Friday night, in the second attack by the huge B-29's on the Japanese mainland.

Gen. H. H. Arnold, chief of the air forces, announced the assault in a communique at Washington. It was the third time since Pearl Harbor that American planes have rained bombs on Japan proper.

Sasebo, comparable to the U. S. naval establishments at Norfolk, Va., or Bremerton, Wash., was hit for the first time since the start of the war. It lies to the west of Yawata, which was the target of the first B-29 Superfortress attack on the Japanese home islands on June 15.

Arnold, who also is commanding general of the 20th air force which operates directly under the joint chiefs of staff, issued this communique:

"HEADQUARTERS 20th AIR FORCE, Communique No. 3. B-29 Superfortresses of the 20th bomber command attacked naval installations at Sasebo, Japan, tonight."

"Bombs were dropped also on industrial objectives at Yawata, target of the Superfortresses' June 15 assault on Japan."

"Both cities are on the island of Kyushu."

### No Further Information

No additional information was available immediately.

Sasebo is on the island of Kyushu, west of the steel center of Yawata, which was struck June 15 by the B-29 Superfortresses in the first air attack on the Japanese islands since medium bombers under Lt. Col. James H. Doolittle were launched from the aircraft carrier Hornet to hit Tokyo and other Japanese cities on April 18, 1942.

The target of today's attack, which occurred on the seventh anniversary of Japan's initiation of the war with China, lies just north of the great Japanese port of Nagasaki.

The attack on Yawata, also by Superfortresses of the 20th bomber command based in China, occurred in the pre-dawn hours of June 15.

The great weight of explosives was poured on the factories of that city at the northern end of Kyushu island and air force officers reported a high degree of successful hits on the industrial targets.

Four of the B-29's failed to return to their base in China after the Yawata mission. One was shot down by anti-aircraft fire over the target, and operational accidents prevented two others from getting back. The fourth is listed as missing.

### No Constitutional Amendments

JEFFERSON CITY, July 7.—(P)—For the second time in 36 years, there will be no proposed initiated laws or constitutional amendments for Missouri's voters to pass on at November's general election.

"The spirit, attitude and appearance of our men is magnificent," Stimson declared. "I am extremely encouraged about our progress in the war. Our men here — and witness after witness has told me the same thing is true of the Cherbourg peninsula —

have shown they are not afraid of the enemy and when they get at him they have mastered him."

Stimson declined to prophesy when the struggle in Europe would end, but said: "This is no time to let up."

The war department chief told correspondents he had talked with army leaders from Lt. Gen. Jacob Devers and Lt. Gen. Mark W. Clark down to the commander of every corps division in the active area, as well as the men of several divisions. He also flew over part of the front.

Stimson declined to discuss his audience with Pope Pius XII.

# Americans Launch New Attack Early Today in Normandy

## TODAY on the War Fronts

U. S. PACIFIC FLEET HEADQUARTERS, PEARL HARBOR, July 7.—(P)—United States forces closing in for the kill on Japanese troops pocketed on Northern Saipan today offered the ten to 15 thousand civilians trapped with them an avenue to life-saving surrender.

AP Correspondent Rembert James report from the Western Pacific island that American commanders decreed that a single highway could be used by the civilians to come into the U. S. lines.

Already some 7,000 Japanese civilians have been interned by the Marines and Army forces who have cornered the Nipponese on Saipan's northern tip. The enemy soldiers seemed determined on a desperate last stand, doomed though they were. James estimated the number of Japanese civilians hiding out at from 10 to 15 thousand.

The U. S. commanders, delivering their offer of surrender by word of mouth, and through pamphlets dropped from planes and shot from mortars promised water, food and complete safety to those accepting.

SUPREME HEADQUARTERS ALLIED EXPEDITIONARY FORCE, July 7.—(P)—The Allied invasion of France has not lived up to the expectation of many of its planners, who had estimated the assault would progress more rapidly than it has.

Officers made no secret of this today, but at the same time hastened to say that the western front, after one month of fighting, could not be described as "unsatisfactory."

IMPHAL, India, July 2.—(Delayed) — (P)—Admiral Lord Louis Mountbatten told his victorious troops today that Lt. Gen. Moutaguchi, commander of the Japanese 15th Army had confessed failure of the Assam Manipur incursion and admitted the desperate plight of his forces.

The Allied commander publicly read a captured Moutaguchi order in which the enemy general described his position as "indeed most regrettable."

LONDON, July 7.—(P)—Around 2,000 U. S. planes attacked seven plane and oil plants near Leipzig in central Germany today, destroying 75 or more Nazi fighters in the greatest aerial battle since D-day, while another force from Italy flew clear across Czechoslovakia and bombed an oil plant 75 miles east of Breslau.

The Germans offered the most desperate resistance in the air in several weeks, sending up 100 planes near Leipzig and one American Thunderbolt pilot, Capt. Fred Christenson of Watertown, Mass., made a record for the European theater by shooting down six enemy fighters.

Six American fighters were lost. Bomber losses were not announced immediately.

ROME, July 7.—(P)—Lashing out from outposts of the heavily fortified Gothic line in their first aggressive action in two months, the German defenders of northern Italy have brought the Fifth army's drive toward Livorno (Leghorn), Pisa and Florence almost to a halt. Allied headquarters said today.

The Eighth army also measured its gains in yards instead of miles.

### To Die for Slaying Son

PITTSFIELD, Mass., July 7.—(P)—John F. Noxon, Jr., 47 year old lawyer, was sentenced today to death in the electric chair for the electrocution slaying last Sept. 22 of his six months old mentally deficient son, Lawrence.

The supreme command said that the situation was comparatively static around Caen on the eastern end of the Allied-held strip of France, but a British officer said Allied fighter-bombers had wrecked all but one of Rommel's escape bridges at Caen and that the one span left intact across the Orne was a pontoon structure.

The Germans were building up tanks and motor transport south of Caen and both sides appeared to be preparing for a new flare-up of battle.

### Avoids An Answer

WASHINGTON, July 7.—(P)—A reporter asked President Roosevelt today if he regarded Gov. Thomas E. Dewey of New York as a strong opponent, and brought laughter and a lecture, but no direct reply as to Mr. Roosevelt's political plans.

Stimson declined to discuss his audience with Pope Pius XII.

WASHINGTON, July 7 — It is no longer a secret that the United States now has two bases in Russia for shuttle bombing. One base is located in northern Russia for the use of U. S. planes attacking Germany from England. The other base is in southern Russia for use of U. S. planes coming from Italy.

Not known, however, is the fact that the northern base recently suffered a serious Nazi bombing raid which knocked out a considerable number of Flying Fortresses.

What happened was that the U. S. bombers had completed a successful raid over Germany, during which they encountered little fighter opposition and had arrived safely at the Russian shuttle bombing base. Tired, the crews lined up their planes for the night and went to sleep in adjacent barracks.

But because the base is somewhat cramped, the planes were lined up closer to each other than they should have been.

At 2 a. m., the Nazis, who apparently had trailed the U. S. planes but had not attacked, suddenly staged a night raid. Catching the base relatively unguarded, they made mincemeat of the nearly lined-up Flying Fortresses.

Few of the bomber crews were killed, due to the fact that they were asleep in their barracks.

Note — Senator Langer of North Dakota has inquired of Secretary Stimson as to what radar and fighter plane protection we have worked out with the Russians for the safety of these new shuttle bombing bases. He wants to know whether this disaster was the fault of U. S. officers or due to poor cooperation.

Jesse Jones and FDR

White House intimates relate an interesting phase of the recent conversation between the president and dynamic Governor Ellis Arnall of Georgia regarding the Southern revolt against Roosevelt.

Governor Arnall was telling the president about certain angles of the Southern revolt, which he said didn't exist in Georgia, but did seem to be serious in Texas, where it was led by Jesse Jones' forces. Then he added:

"Why don't you put the squeeze on that fellow Jones, Mr. President?"

"You can't squeeze Jesse Jones," the president replied. "He's impervious. Do you know what he had the nerve to come in and tell me? That he didn't know anything about the Texas revolt until he read it in the newspapers!"

"Why," the president added, "you can't do anything down there in Texas without Jesse Jones being in on it."

GOP Fence-Straddling

Progressive Republicans who have been studying the party platform express private disappointment at some of its evasions. These are not apparent on the surface but, reading the GOP platform carefully, it is obvious that some clever legal footwork went on behind the scenes in Chicago.

One dodge was in regard to an anti-lynching bill. The Republican platform failed to come out for a federal anti-lynching bill. A federal bill is the crux of the whole question. Not even the southern states would have any objection to a platform which fails to specify a federal anti-lynching bill. They have always wanted the matter left to individual states.

In similar manner, progressive Republicans find that the GOP platform ducks on the poll tax. The platform advocates the abolition of the poll tax by constitutional amendment — a good, safe proposal, because the South and other poll tax states have enough votes to block a constitutional amendment. There just won't be an end to the poll tax by constitutional amendment.

On these two things, the GOP platform takes a fine, high-sounding position, which from a practical viewpoint means next to nothing.

ter he had shown that Jesse Jones dominated all the radio stations in Houston and that they carried an amazing minimum of patriotic war appeals. But now Judge Hofheinz is encountering obstacles all along the line. . . . Latest is a demand by the Greater Houston Broadcasting Corporation for a rehearing of his license. Interesting fact is that the secretary and treasurer of this firm are Forrest L. Andrews and Thomas D. Anderson, the lawyers who handle most of the Texas business for Jesse Jones' RFC. . . . The weather has a lot to do with elections. Record-breaking rains, wiping out culverts and bridges in North Dakota, blocked many farmers from voting in the recent Nye primary. Most of the voters. . . . When some people expected D-Day to be in May, an army crony of General "Wild Bill" Donovan remarked that this was impossible. "Donovan, though supposed to hold down a desk job," he said, "always goes ashore with every invasion." In May, Donovan was in the Pacific.

Flashes From Chicago

The convention's forgotten man: Ex-vice president Charles G. Dawes. Once the hero of the Dawes plan for reparations settlement, famous for his upside-down pipe and his "hell-n-Maria" language, he stood back of the speakers platform unsmiling, unapplauded, un-introduced, while the crowd welcomed Herbert Hoover, the man who sent him to London as ambassador. . . . Convention's most nervous man: Publisher Roy Howard, in star-spangled shirt, nearly having heart failure when he heard, Herbert Hoover, couldn't get the microphones to work. Rushing one of his writers, Henry J. Taylor, to the stage, Roy had him straighten out the microphones while Hoover was in the middle of his speech, pantomimed back and forth regarding the sound effects. Spectators almost thought that Roy himself was making the speech.

## Yanks Pierce Japan's 'Fence'

Map above shows how chains of islands form a defensive "fence" screening Japan itself. But attack on Saipan, Bonin and Volcano islands proved enemy's vital barriers are vulnerable to guns of American fleet and bombs of carrier-based planes. Japs' position will become even more critical as Yanks establish bases for long-range bombers on Saipan.

## Public Warning! BEWARE OF PIN-WORMS

War-time living conditions may be the cause of spreading Pin-Worm infection. Scientific reports in many communities have shown at least one-third of the examined children and grown-ups to be victims of Pin-Worms—often without knowing what was wrong!

Watch out for the warning signs that may mean Pin-Worms in your child or yourself: the tormenting, embarrassing rectal itch; the uneasy stomach, bed-wetting, nervous fretting, finicky appetite.

New Discovery Hailed By Doctors  
After centuries of distress caused by Pin-Worms, a new and highly effective way to deal with this stubborn pest has recently been discovered. This scientific discovery, hailed by medical authorities, is a remarkable drug (gentian violet). It is the vital element in P-W, the new Pin-Worm treatment developed by the laboratories of Dr. D. J. Jayne & Son, America's leading specialists in worm medicines. P-W tablets are small and easy to take, and they act in a special way to destroy the creatures. So don't take chances with Pin-Worms. At the first warning sign, ask your druggist for P-W, and follow the directions. P-W means Pin-Worm relief!

"What shall I render unto the Lord for all His benefits unto me? I will give the cup of salvation, and call upon the name of the Lord. I will pay my vows unto the Lord now in the presence of all His people." (Psalm 116).

## Town Talk

THE OTHER DAY  
A WELL KNOWN  
SEDALIA MINISTER  
WAS DOWN TOWN  
WITH HIS WIFE  
HE STEPPED  
INTO A Drug Store  
TO BUY Something  
AND SHE WAITED  
OUT IN Front  
FOR HIM  
SHE WAS Standing  
IN THE Sun  
SO SHE MOVED Over  
TO A Shady Place  
THE MINISTER  
MADE HIS Purchase  
CAME ON Out  
WALKED RIGHT Over  
TO WHERE HE  
HAD LEFT HIS Wife  
TOOK HER Arm  
"COME ON Let's Go"  
IN THE Meantime  
ANOTHER WOMAN  
HAD ARRIVED  
AND WAS Standing  
IN THE Sunny Spot  
AND HER Expression  
WHEN THE MINISTER  
STARTED TO Lead  
HER OFF  
WAS JUST AS Strange  
AND EMBARRASSED  
AS WAS THAT  
OF THE MINISTER  
WHEN HE DISCOVERED  
HE HAD THE  
WRONG WOMAN  
I THANK YOU

bia, spent last week-end here.

Mrs. Eloise Baker, of Westboro, Mo., has come to spend the summer with Miss Edith Richardson, and they will attend Missouri Valley college in Marshall together.

Miss Ruth Morris has returned to St. Louis after spending several weeks with her parents, Mr. and Mrs. J. M. Morris. Her mother has been very ill for some time.

Several persons from Nelson who were in Keytesville Saturday visited with Mr. Sneed, former Nelson druggist, who is now confined to his bed because of poor health.

Those from here who attended the recent Leaton family reunion at Indian Foot Hills Park were Mr. and Mrs. John Leaton and Mrs. Barbara Leaton, Mr. and Mrs. W. O. Pace and daughter, Miss Jane Wilson, Mrs. Nora Harvey, Mrs. Ned Verts, Mrs. Ada McCutcheon and daughter, Pauline, and Mr. and Mrs. Tommy McCutcheon and family.

Mr. and Mrs. Dan Walker and son and John Hillen were Sunday guests of Mr. and Mrs. Will Walker, near Marshall.

W. C. Nelson spent the week-end with his friend, Charley Nicely, on the farm.

Sunday visitors of Miss Mary Fletcher were Mr. and Mrs. W. S. Taylor and Mr. and Mrs. Lee Engle.

Mrs. Rose Pace, of California, Mo. came Sunday for a visit with her son, W. O. Pace, and family.

Mrs. Presley Townsend, 79, and her son, Joe, 37, celebrated their birthdays together at the home of the latter Sunday. A large number of relatives was present for the dinner, to which all contributed.

Mrs. America Ann Biggs, wife of "Marti" Biggs, passed away July 2 at her home west of Nelson. She was 80 years of age.

Funeral services were held at Salt Fork church Tuesday afternoon.

She is survived by her husband, three sons, William Biggs, Clarence Biggs and Ernest Biggs, two daughters, Mrs. Lester Taylor, of the community and Miss Mary

A Novel By KETTI FRINGS

Copyright, 1944, Ketti Frings—Distributed, 1944, NEA Service, Inc.

To Those Who Came In Late:  
This is the story of what happened to Pinky Harrison after he was killed in a foxhole. The scene is Heavenly Bend Junction, half-way point between the Earth and Big Valley. Travelers stay here until they stop looking back to Earth.

XVII

TIMOTHY HARRISON was excited about it. Nothing could have pleased him more than to get out and see the world again. As he told God, "Not that I don't like it where I am. Only it does you good; see other parts of the world and then you appreciate Big Valley all the more."

They were striding along the street as Tim talked; God listened a little dubiously.

"But this isn't a pleasure trip, you know, Tim."

Tim turned to look at him defiantly. Only Tim dared to look at him like that. "Since when are you denying people finding pleasure out of things?"

The old man smiled. "Guess you're right. But what I mean is, it's serious, Tim, you know."

"Wasn't I in the last one?"

"But things have changed. The last one was a bunch of penny firecrackers going off compared to this."

"Pshaw! War's war . . . I know what it's like."

"Tim, you can't get hurt. It's not that. You'll have my thoughts and wishes wrapped around you all the way. You won't even hear the guns . . . but it's blocked off, don't you understand? That misery circle. The hate and pain and grief that's in every heart. They're so all-fire smart down there about radio, I don't know why they can't understand this. Each soul these days sending out its tortured

thought—like static to interfere with good reception. After all, you're only a thought I'm sending through. You may have to look a long time before you can find a place where you can get through."

"Now look, will you just leave it to me?"

"Tim, I don't know . . ." The older man was about to say that he was afraid he had made a mistake, when Tim boomed out heartily: "Hell, she's my own granddaughter, isn't she? And at my age, can you beat that? Me still a youngster!" He roared delightedly.

looked at God and winked. "Now, Timothy!" The old man felt it was about time they got down to business and said so.

"Wait!" Pinky glanced from one to the other worriedly. "You're—you're not sending him?" He nodded toward his father.

God bristled. "Why not?"

"Who better should go?" Timothy intervened. "Say, it wasn't little Martha Dearborn you married!" As there was no denial, he presumed it was and beamed happily. "Pinky, you had more sense than I thought you had. Yours and Martha's little girl! Well, now, I'll bet she's pretty. What are you going to call her?"

"Timothy, please!" God shook His head, finally succeeded in forcing a look of seriousness on Timothy's face. "You don't seem to understand. There's a very small chance that the baby will even live, unless you reach her."

"I'll get through to her. Now, don't worry."

"But Pinky is worried. That baby is all that Martha'll have left now. She'll be getting a telegram soon. She can't lose her baby and lose her husband, too, all at the same time."

"I understand." He said it simply and in truth. Then he saw Pinky's expression. "What's the matter, son? Don't you want me to go?"

"It's not that. Only you know how you are. Every time Mother used to send you for something or ask you to mail a letter . . ."

Timothy reached for his boy's hand, shook it firmly. "This is different, Pinky. I'll get there." He turned to God, bade Him goodbye, then looked up toward the house where he had glimpsed Julie peeking from the window. "See you when I come back Julie!" He laughed as he saw Julie quickly step back from the window.

Then off he went, striding surely and swiftly.

Pinky frowned. "But you didn't even tell him where to go."

"He knows."

They watched him cross the street. From the other curb he turned and waved. Then disappeared among the buildings.

## THE OLD JUDGE SAYS...

"The men overseas don't mind any words about the way they want to find this country when they come marching home... do they, Judge?"

"They certainly don't, Herb...and they shouldn't. They're doing a masterful job fighting over there to protect our rights and they have good license to expect us to protect theirs back here at home. One thing they're mighty clear on is their stand on prohibition."

"Their position on that subject was stated very emphatically in a poll taken recently

among American service men in England by the British Institute of Public Opinion. When hundreds of men were asked point blank how they would vote on prohibition, 85% of them stated, in unmistakable terms, that they would vote against it. There's no doubt about it, Herb...the men overseas don't want any action taken on that subject while they're away."

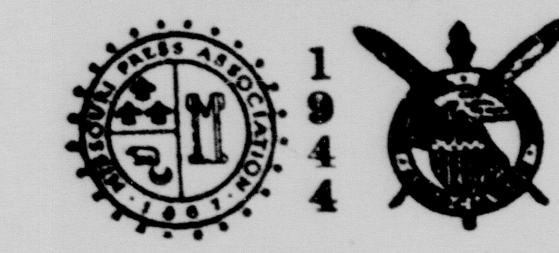

"And they're 100% right, Judge, because I know how I felt when I came home after the last war—only to learn that we had been over there fighting for so impractical a thing as Prohibition."

## More Gigantic Rocket Bombs For The Future

By Wes Gallagher

LONDON, July 7—(AP)—Grim-fighting Londoners are paying in blood to watch the birth of a new era in air power—flying bombs and later, perhaps, giant rocket bombs—in the opinion of many veteran American airmen.

The death and damage the flying bombs now are doing are only a fraction of the dreadful implications they carry. From the time that was begun, they have been won by killing enough of the enemy to break his will to fight, and robot weapons of the future conceivably will be able to accomplish this end.

This does not mean the Germans can achieve this during the present war. They have, thanks partly to British intelligence and Allied air forces and partly to the slowness of scientific development, brought forth their weapon too late, and it has not reached the full stage of its development.

If Hitler had had his flying bomb in 1940, the story quite likely would have been different. Now he is engaged in great struggles on three fronts and losing on all of them. He cannot use the weapon effectively against armies that are throttling his regime, because it has not been developed in quantity and accuracy enough for use on the battlefield.

All he can do is let death into London until the Allied armies overrun his launching sites and force him back from the coast. How long this will be no one can say, because Hitler is known to have other vengeance weapons than the "V-1."

### Creates Intense Hatred

The best information indicates that the flying, jet-propelled bomb has a big brother, a rocket bomb, which carries five or more tons of explosives up to a height of 40,000 feet, whence it drops straight down. A big launching site captured at Cherbourg, was designed for this weapon, and it was aimed at London. Five tons of explosive dropping 40,000 feet probably would destroy any building—even a skyscraper.

Hitler's new terror weapon is creating a vast hate for the Germans that not even the blitz equalled. But aside from this deep hatred, the chief reaction of London folk is not terror but rather one of annoyance with the government for not taking more adequate steps to deal with the problem of the buzz-bomb in advance, and disappointment over lack of visible retaliation.

But the spirit of camaraderie that existed during the blitz is here again. While the new bomb is frightful and the people hope it will be stopped, they seem pretty well resigned to the prospect of something just as bad or worse continuing until the end of the war.

Sections of London have been affected by the robot raiders, bringing the city under direct attack from the ground for the first time in the history of modern war. Numbers of the craft have landed in London, their noses crammed

with 2,200 pounds of high explosive, since the eerie assault began.

## Men Discuss Garden Plans

### Second Meeting On Organization On Thursday Night

Engaging in informal discussions of garden problems and experiences, the Men's Garden club of Sedalia had its second organizational meeting Thursday night in the county court room of the court house, with ten of its members present. The secretary-treasurer, C. L. Carter, announced there are 15 paid memberships, with reports of widespread interest in the development of such a club.

L. W. Satorious, acting president, presided over the meeting, the objective being to discuss the organization of a worthwhile study club for men who are interested in gardening, around the nucleus of present members.

#### Ideas Presented

Various ideas were brought out among them those of Hillard Brewster, who expressed simply some of the joys of gardening, in which he suggested that the club base its set-up on that of the federated women's garden clubs, making modifications, of course, to comply with the tastes of men. He made the suggestion because he said he felt the women do have an effective plan.

Mr. Carter stated he had written to a number of sources but had received no tangible plan by which such a club is organized. J. U. Morris moved that an arrangement be made by which a program chairman and his helpers might present a program at each meeting that would incite greater interest and would be entertaining and informational.

On the committee to arrange a tentative program and group of by-laws to be presented at the next meeting at Liberty Park on the night of Thursday, August 3, are Satorious, Carter and C. W. McVay. It is hoped that through publicity from the press and through the members' efforts individually a greater turnout will be achieved at the next meeting, said Satorious.

and Mrs. Kenneth Ficken, Mr. and Mrs. E. A. Dorrance and Henry Mahan, LaMonte; and Mr. and Mrs. Henry C. Schlusing.

Mrs. Earl Leaton gave a party at her home Thursday afternoon honoring the sixth birthday anniversary of her son, Russell. Various games were played, after which ice cream, cake and soda pop were served to Charles Marshall, Dale Blaylock, Lawrence and Willard Reine, Billie Richeson, Lloyd Harvey, Harlan Gail Suter and Jimmie Turner. Mrs. Leaton was assisted in entertaining by Mrs. Lewis Leaton and Mrs. O'Bannon Marshall.

**What does "TRADITION" mean?**

\* "A body of beliefs and usages handed down from generation to generation...  
A custom so long continued that it has almost the force of a law."  
\*—Dictionary Definition.

To the M. K. Goetz Brewing Company "TRADITION" means carrying on the same high standards of quality established by Michael Karl Goetz 85 years ago when the Goetz brewery was founded.

His was the determination to produce only the finest and highest quality Beers. Through three generations of the Goetz family, his worthy purpose has been a constant guide. The custom of using only the finest ingredients... of never deviating from the most modern, most careful brewing and ageing methods has prevailed. Since 1859 these brewing principles—and the Goetz Private Brewing Formula—have continued, until "QUALITY" is an absolute law in the production of Goetz Country Club Pilsener Beer.

Asking only for Goetz Country Club Pilsener Beer is traditional, too, with multitudes of lovers of fine beer. They know this superbly flavored "Pilsener of Perfection" means the ultimate in refreshing enjoyment!

# Hannegan to Feel FDR Out On Teammate

Sen. Vandenberg Says Dewey Has 300 Electoral Votes

By Douglas B. Cornell  
Associated Press Staff Writer

Democratic political maneuvering reached a pre-convention peak today with National Chairman Robert E. Hannegan coming from Chicago to Washington presumably to find out just how strongly President Roosevelt wants to see Henry A. Wallace again in second place on the party ticket.

One major task is out of the way—the selection of a chairman of the platform-making resolutions committee. The national committee announced at Washington yesterday that House Leader John McCormack of Massachusetts had been picked for that important position. That action places a down-the-line-for-Roosevelt man in a key position to translate presidential preferences into party plans.

With the Democrats thus busy, the news from the Republicans was highlighted by a prediction from Senator Arthur Vandenberg of Michigan that nominee Thomas E. Dewey would get more than 300 electoral votes for president in November. Only 266 are needed.

Vandenberg, visiting Dewey at Albany, N. Y., to talk over issues, said the situation in the middle west is excellent from the Republican standpoint.

**Bricker on Vacation**  
Dewey's running mate, Gov. John W. Bricker of Ohio, said he would discuss campaign plans with Dewey after about a week. Bricker is off to Canada for a vacation.

There have been varying versions of the president's position with reference to retaining Wallace. Most Democratic leaders are convinced Wallace will be named again for vice president in case Mr. Roosevelt lets it be known that he himself will not accept renomination under any other terms. Nevertheless both the President and Hannegan are aware that many influential Democrats prefer that Wallace be dropped. They are aware, too, of elements of discord within the party. At the same time there are many who are urging that all steps be taken to return Wallace to the vice presidency.

Convinced that the President will be nominated for a fourth term, most Democrats agree that the platform to be submitted to the convention, which opens in Chicago July 19, will be tailored to fit his wishes.

### Mrs. Harvey Richardson

Mrs. Alberta Frances Richardson, 25 years old, died at the Bothwell hospital at 4:20 o'clock Thursday evening following a short illness. She had been a patient in the hospital since last Saturday.

Mrs. Richardson was born in Sedalia, November 17, 1918, the daughter of Alonzo Cramer and the late Bertha Crawford Cramer. She has lived her entire life in Pettis county, the past two years of which has been on a farm near Houstonia.

She is survived by her husband, Harvey Richardson, five children of the home, Ray Lee, Betty Jean, Loren Lee, Joseph Wayne and Judy Ann; her father, Alonzo Cramer, Mexico, Mo.; two brothers, Alonzo George Cramer, Sweet Springs; Darwin B. Cramer, Sedalia; one sister, Mrs. Goldie Richards, Sweet Springs.

Funeral services will be held at the Ewing funeral home at 4:30 o'clock Saturday afternoon. Interment will be in the Crown Hill cemetery.

The body is at the funeral home.

### Walter H. Mothersbaugh

Walter H. Mothersbaugh, 63, died of a heart attack Thursday at 4:25 o'clock at the home of his daughter, Mrs. Frank Rowan, of Kansas City.

Mr. Mothersbaugh, son of the late Samuel and Artie Mothersbaugh, was born near Syracuse. For a time, he resided at 1315 South Prospect avenue, Sedalia.

A veteran of World War I, his patriotism prompted him to travel with the Merchant Marine during the present conflict. During this war he has made three voyages—the first to Australia, the second to New Hebrides, and the third a complete global circuit by way of India, the Suez Canal, the north coast of Africa and the Strait of Gibraltar. He had been at home only about five weeks when death occurred.

Survivors are a son, G/I C Gerald Mothersbaugh, instructor in the naval school at Farragut, Idaho; a brother, Oscar Mothersbaugh of the state of California; a sister, Mrs. Elbert Evans of Syracuse; three grandchildren, two of Farragut and one of Kansas City; two sisters-in-law, Mrs. E. J. Mothersbaugh, 1413 East Seventh street, Sedalia, and Mrs. Bud Mothersbaugh, of Syracuse; a brother-in-law, John Richardson, route five, Sedalia; the daughter of Kansas City at whose home he died, and a number of nieces and nephews.

Funeral plans have not been completed pending word from relatives, but tentative arrangements include the time to be Sunday afternoon and the place at the Mount Olive church, south of Syracuse.

The body will be brought to the Richards funeral home at Tipton Saturday.

### Mrs. A. L. Johnson

C. E. Johnson, 1104 South Monticau avenue, received a message telling of the death of Mrs. Daisy Johnson, wife of his brother, Arthur L. Johnson, who passed away at her home in Portland, Ore., on Thursday afternoon. A. L. Johnson was formerly a resident of Sedalia and Green Ridge.

### Mrs. Mary C. Beeler

Mrs. Mary C. Beeler, 81, of 1122 West Second street, died at 7:50 o'clock Thursday morning. Mrs. Beeler, widow of J. H. Beeler who died about 35 years ago, had been in failing health for several years of general debilities and she was bedfast for four weeks.

Daughter of the late J. F. and Rebecca Julian who in later years lived in Clinton, Mo., Mrs. Beeler was born November 8, 1852, in Tennessee and moved with her family by ox cart to Missouri in 1853.

She is survived by two daughters, Mrs. May Howe of Sedalia and Mrs. Minnie B. Gandy of Pasadena, Calif., and a son, John M. Beeler of San Diego, Calif. Another son, Joel Henry Beeler of Riverside, Calif., died several years ago. Mrs. Beeler spent a number of

## American Melting Pot

The Salvation Army is serving the armed forces, both men and women, on all fronts—in Australia, Iceland, England, New Guinea, China and Africa. Without great publicity or a large treasury, these forces are being served coffee and doughnuts from the mobile canteens or at the Red Shield clubs with a smile and a friendly pat on the back, which is a stimulant physically and morally and perks the boys up for the task before them. The clubs are furnished with religious and other interesting reading matter, writing materials, so that the long looked-for letter to home may be written. The forces are welcomed to the

clubs where they can freshen up, relax and enjoy the few hours they may have off for rest and recreation. The religious services are well attended. The dangers of the war are no hindrance to the work of the Salvation Army—they are always where they are needed most—in the thick of the battle; the Red Shield Canteens are never out of sight or sound of battle.

The picture below demonstrates that the Salvation Army is serving all armed forces—these boys are gathered in the friendly club somewhere in England where they are chatting and enjoying a hot cup of coffee.

winter seasons with her daughter and sons on the coast.

Additional survivors are six grandchildren, 11 great grandchildren and one great-grandchild, and three brothers, Joe, George and James Julian, of Clinton.

A consistent church member for 71 years, Mrs. Beeler was a member of the First Methodist church, transferring her membership from the Methodist church of Ionia of which she was a charter member. She was an interested worker in church and community activities.

Funeral services will be held at the First M. E. church at 2:30 o'clock Saturday afternoon. The Rev. J. Fred King will officiate.

Miss Margaret Mahnken and Mrs. A. W. Hampy of Ionia will sing, "The Last Mile of the Way." Mrs. C. D. Demand will sing a solo, "Nearer My God to Thee," and Mrs. Demand and Lee Peabody will sing a duet, "Holy Spirit, Faithful Guide."

Friends of the family will serve as pallbearers.

Interment will be in the Memorial Park cemetery. The body is at the Ewing funeral home.

## Close German Bread Shops

MADRID, July 7.—(AP)—The Germans have ordered the number of retail bread shops in Berlin cut from 20,000 to 2,000, declaring the move necessary to save fuel in the bomb-ravaged capital. German newspapers reaching Spain said wholesale bakers will need fewer trucks.

## Remove Director Of Army Paper

ALGIERS, July 7.—(AP)—Col. Egbert White has been relieved of his command as director of Mediterranean area editions of the Stars and Stripes, and been ordered to the United States because of differences with higher officials over political censorship, it was learned reliably today.

Army public relations officials will take over direction of editions of the servicemen's newspaper published at Oran, Algiers, Naples and Rome.

Removal of the New York advertising executive climaxes his efforts to obtain a more extensive coverage of political and other controversial news from the United States, either through the papers' own correspondents or established news services.

The action was taken within a few days after the arrival in this theater of Secretary of War Stimson and Maj. Gen. Alexander D. Surles, director of army public relations, and followed less than a fortnight a New York Herald Tribune story dealing with coverage of the Republican National convention by service papers.

On the heels of White's removal, the War Department ordered the Stars and Stripes to discontinue the magazine "Supplements" whereby the troops throughout the theater received articles from national magazines simultaneously with their publication in the United States.

The order ended prompt soldier access to articles in the Reader's Digest, Saturday Evening Post and Collier's.

Distribution of magazines normally is a function of the army's morale services, whose shipments arrive much later.

Reporter Willard Yarbrough of the Knoxville Journal telephoned his paper that he counted seven dead when he climbed into the engine room and looked out. He said two more dead were lying in the stream, running two to four feet at the wreck scene.

"One soldier pinned in the wreckage cried 'Get me out of here or let me die right here,'" Yarbrough said. "Another soldier being carried across the stream on a stretcher asked his rescuers to let him die right here."

## Late Market Reports

### Livestock, Grain, Produce, Securities

#### Wheat Prices Work Upward

CHICAGO, July 7.—(AP)—Longs took their profit in the wheat pit today but all future offerings were absorbed quickly and prices continued to work upward in one of the most bullish grain trade sessions in recent months. The strength of wheat extended to other grains.

News from Washington caused the price advances and the trade showed an inclination to ignore increasingly bearish covering, commission house and mill buying resulting from the announcement the Commodity Credit Corporation would buy wheat here at six cents over the loan, indicating the purchases may be part of a price supporting program as well as an effort to replenish feed stocks, and reports the wheat loan rate may be increased about seven cents a bushel.

Wheat closed 2 1/4 to 3 1/4 cents higher than yesterday's finish, July \$1.50. Oats were up 3/4 to 1 1/2 cent, July 78c. Rye 2 1/4 to 2 3/4 cents higher, July \$1.13 1/2. Barley was 1/4 to 2 1/2 cents higher, July \$1.25 1/2.

#### Chicago Livestock

## Sunday School Lesson

**Achievements in Coming Age of Peace** Await the "Followers of the Lord" Text Joshua 14:6-14; Judges 1:20, 21

By William E. Gilroy, D. D.  
Last week I wrote that "strength and courage, and fearless devotion to right, are still the essentials of national character and action if a nation is to survive and attain true prosperity." But something more is necessary, or is implied, and that is what this lesson calls "following the Lord."

Just here I want to stop and tell a story I heard of a preacher in the old buckboard days, which, as older readers know, preceded the horse-and-buggy days in backward parts. The preacher, unacquainted with the way of a countryman. The latter inquired the traveler's business and the preacher replied, "I am a follower of the Lord." The native looked over the buckboard rather scornfully and said, "You'll never overtake him in that outfit."

I tell this story, that to some may seem irrelevant with a very definite purpose. An immense task confronts all who would be followers of the Lord in this day and generation. We have moved far out of the buckboard days and even out of the horse-and-buggy days. We are in a world and time in which all the powers of science and inventive genius and all the ingenuity of man have been turned into the business of putting out instruments of destruction to spread death and ruin. The purpose of some of those who are using these instruments are not the same. The purpose of some is to dominate and enslave others, to use force to turn the world back from peace and freedom. Our armies are meeting force with force, but with the purpose of freeing enslaved peoples, and with the purpose of defending our liberties and our way of life and establishing better world conditions.

But an essential part of the peace and a great task for the future will be reclaiming these perverted powers and resources, putting science, industry and all the work and ingenuity of man to the service of humanity.

This is what it will mean to follow the Lord in the coming days. For in doing this we shall be putting things to the use that God intended. Jesus said that He had come not to destroy men's lives, but to save them; and in that He was expressing God's purpose.

What we shall need in these coming days is not buck board religion, but religion enforced and strengthened with all the resources of the immense depth and magnitude of which man is capable. Think of what a world we could have if the money and ships and airplanes and all the powers of explosives and guns could be turned to help and bless man in peace!

An ancient man of peace wrote of turning swords into ploughshares and spears into pruning hooks; but what a small achievement compared with turning tanks into tractors and bombers into great ships of the air.

The achievements and triumphs of an age of peace are unlimited and a heaven on earth beyond all that men have dreamed of is possible.

What a world for "followers of the Lord!"

Vote to Outlaw Secret Ballots

JEFFERSON CITY, July 7.—(AP)—The Constitutional Convention voted yesterday to outlaw secret ballots in committees of the Missouri legislature.

The vote was 33 to 16 after Francis L. McCluer (D), Fulton, declared:

"The people are entitled to know how their representatives voted in committee as well as how they vote in the open sessions of the legislature."

Under the proposed new constitutional amendment, committees still could vote behind closed doors as they do now—the convention refused to require open meetings—but a public report would have to be made of how every legislator voted on any measure in committee.

Repeated attempts to abolish secret committee votes have been defeated in the legislature.

Another frequently criticized committee practice—that of holding a bill in committee and thus preventing its consideration on the floor—would be banned by another new provision approved yesterday.

It would require committees to report on measures within 30 legislative days after the deadline for introducing bills, which was set at the 60th legislative day of the session. It would take a majority vote of either house to extend the time for committee action.

**"Pug" Manders To Tigers**  
NEW YORK, July 7.—(P)—Clarence (Pug) Manders of Des Moines, Ia., fullback for the Brooklyn Tigers of the National Football league the last five years, signed his 1944 contract today and will report August 6 at training camp. Manders, younger brother of "Automatic Jack" Manders of Chicago Bear fame, was the league's top ground gainer in 1941. He's a former Drake University star.

**Ben Chapman a Pitcher at 35**  
RICHMOND, Va., July 7.—(P)—At 35 years, Ben Chapman, former New York Yankee outfielder, who didn't start to pitch pro ball until two years ago, is demonstrating to teammates and fans that he can finish what he begins. The manager of the Richmond Colts in the Piedmont league has started 13 games so far this season and finished all of them.

**Certify To Semi-Pro Meet**  
WICHITA, Kas., July 7.—(P)—Leaseon Iron Works, Seattle, Wash., winner of the Washington state semi-pro baseball tournament, and Fort Bragg, a service team which won the North Carolina meet, were the first two clubs certified to the National Semi-Pro Baseball Congress tournament. Between 24 and 32 teams are expected for the national meet here August 11-23.

**"Rice" From Average to Good**  
HOUSTON, Tex., July 7.—(P)—The Rice Institute football team is adding 147 pounds and increasing its chances of winning a southwest conference title from average to good.

For George Walmsley, 147-pounder from Goose Creek, Tex., is going to Rice, and to Texas football followers, that makes Rice a favorite. Walmsley, one of the finest performers in Texas prep history, last year scored 18 points in one and a half minutes against Conroe, tallied 12 touchdowns in ten games and pitched 12 touchdown passes.

SAAF Teams Win Games

Pepsi-Cola Takes One From the Reclaimers

Pepsi-Cola team, rated last in the league standing, and the Missouri Pacific Reclaimers, previously standing first, in the Twilight Softball league, were matched in Wednesday night's schedule to afford the largest group of spectators yet present at a game of real interest with some hard playing. Pepsi winding up in the lead by a score of 4-3.

Pepsi showed off with a one-run lead in the first inning. The Reclaimers tied it up in the third, 1-1 and Pepsi stepped out to make it 2-1 in the fourth. Two runs were scored by the Reclaimers in the fifth, gaining the lead 3-2, but Pepsi made one score in each of its sixth and seventh periods, simultaneously holding the opposition scoreless to come out on top, 4-3.

The first game on the south diamond was between the USO (represented by SAAF Co. B) and the Missouri Pacific Carmen. The game was steady up to the end of the first half of the fourth inning with the Carmen leading 5-4. The stalwart Co. B scored six runs in their half of the inning however, to gain the four-point margin which prevailed through the remaining scoreless innings.

**SAAF Officers Win**  
On the north diamond the SAAF Officers of Sedalia defeated Rosenthal's by a score of 6 to 2. Rosenthal's made one run in the first and one in the fourth. Their opponents scored two in the second, one in the third, one in the fifth, and two in the sixth.

It was estimated that 350 or more persons—players and spectators—were present.

On next Tuesday night will be played the games originally scheduled for July 4, which were reversed with those of July 11 in the postponed Wednesday night games. The tri-game setup follows:

6:15 Pepsi-Cola vs. USO.  
6:15 Sacred Heart vs. Rosenthal.  
7:15 Officers vs. Mo-Pac Carmen

The game between Sacred Heart and the Carmen, previously postponed, remains to be played off, but no date has been set.

Wednesday night the tennis courts at Smith-Cotton, fast becoming popular spots of amusement, were filled with players, reported Albert Steiner, coach and playground supervisor.

Sports Roundup

By Hugh Fullerton, Jr.  
NEW YORK, July 7.—(P)—America's importers of fistic talent may find a good prospect after the war in Vince Hawkins, English middleweight who is rated a coming British Empire champion. This 21-year-old railway fireman recently belted the daylights out of Erie's champ, Pat O'Connor, for his 50th undefeated pro fight. He's had one draw in 3½ years. . . . Colleges that had scheduled contests with Penn State in such minor sports as hockey, gymnastics, golf, etc., are getting letters calling them off. Seems the Nittany Lions can't keep up a full program with reduced civilian enrollment. . . . The war prisoners aid organization has just shipped 3,000 tennis racquets and 35,000 balls to Geneva for distribution to prison camps. It also reports a big demand for soccer equipment, which had to be obtained in Brazil because shoes, bladders, etc., aren't available here.

**Today's Guest Star**  
Goe Gootet, Paterson, N. J. News: "The salvage division of the WPB is reported to have collected as much as four tons of waste paper daily at the race tracks. In other words, do your bit—buy a losing mutual ticket you can throw away."

Shorts and Shells

Wally Butts has surrounded Georgia's annual "G-Day" football tilt (climax of spring drill) with a hush-hush atmosphere and the story is that he's guarding his version of the "T" . . . the Holy Cross Juniors, a Manville, R. I., amateur baseball team, were victims of five no-hit games this season, and then came up with 21 hits in two games—and lost them, too. . . . Hugo Bedzak, the Doylestown, Pa., chicken farmer who once managed the Pirates and coached Penn State teams, maintains that he turned out college clubs that could hold their own with major leaguers in fielding, pitching and base-running—but they couldn't hit. . . . When he started out to organize his new pro football league on the Pacific Coast, one of Big Bill Freelove's first moves was to order enough equipment to outfit eight squads of 22 men each. Now all he needs is to find the 176 players.

**Historical Note**  
The day after Brooklyn's new kid shortstop, Eddie Miksis, was born, (September 11, 1926) his 1944 teammate, Paul Waner hit two homers, a triple and a double for the Pirates in a doubleheader against the Giants.

Browns Win And the Red Birds Lose

Boston the 'Hot' Club of the AL; Cincinnati Feverish in the NL

By Jack Hand  
Associated Press Sports Writer

Boston is the current hot club of the American league, and Cincinnati is running a fever temperature in the National, but there isn't any doubt today about the temperature of the Brooklyn Dodgers. It's a sub-zero minus 10 for one of the longest losing streaks of the 1944 season.

The Flatbush Flock needs only four more setbacks in the weekend series with Pittsburgh to tie the all-time Brooklyn record of 14, a disaster that befell Burleigh Grimes' warriors in 1937. They still have three to go to equal the Cubs' 13-game flop of early season.

Three defeats by Chicago, three more by St. Louis and now four more by Cincinnati, is the Brooklyn road record, following Bucky Walters' 14th victory of the season last night when he hurled Cincinnati to a 10-4 triumph at the expense of Rookie Ralph Branca. It was the ninth Redleg win in the last 10 starts and Walters' sixth in a row. Ray Mueller of Cincy set a new consecutive game catching record at 134, with 636 Muellers in the stands as guests of the management.

Joe Cronin's Red Sox continued to stick on the heels of the St. Louis Browns in the American by taking a 13-3 walkover from Detroit as Tex Hughson notched win No. 13 over Rufe Gentry. Boston has won eight of 12 since returning to Fenway park. Bob Johnson hit for the cycle with a single, double, triple and homer and Bobby Orr batted in five runs with a perfect 4-for-4 day.

Bob Muncie protected the Browns' 2½ game margin by shutting out Philadelphia with 4 hits, 5-0, with the help of Vern Stephens 3-run homer. Woody Wheaton, who started the season as an outfielder, lost his first pitching start for the Mackmen.

Hank Borowy of the Yankees tuned up for a probable All-Star appearance by whitewashing Cleveland on a four-hitter, 4-0, to decision Mel Harder with Mike Milosevich and Mike Garbarik showing the way. Mickey Haefer of Washington turned back Chicago with the third American league four-hitter to earn a 5-0 edge over Orval Grove.

Bill Voiselle caught a fall out of the St. Louis Cardinals as he pitched the New York Giants to a 10-1 verdict that snapped a 7-game Card win streak. Al Jurisich was charged with the defeat, the worst of the 1943 champs have taken this season.

Chicago Cubs climbed back out of the cellar at Boston's expense, 11-6, with Bob Chipman outpointing Al Javery. Bob Elliott with a triple and two doubles led Pittsburgh to a 6-5 nod over the Phillies as Nick Strincevich took a win over Ken Raffensberger.

Two Games In The Fun League

Two games were played Thursday night on the Smith-Cotton diamonds in the community hitlers' "fun" league. Both games terminated with definitely decisive scores.

On the south, Horace Mann won 11-5 over Washington, while on the north Mark Twain walked away from Whittier 22-7.

Each team has played all other teams in the league, and next week, with the following schedule the four teams will enter into the second and last round of play: Mark Twain vs. Horace Mann and Whittier vs. Washington.

The standings:

| Team        | Won | Lost |
|-------------|-----|------|
| Horace Mann | 3   | 0    |
| Washington  | 2   | 1    |
| Mark Twain  | 1   | 2    |
| Whittier    | 0   | 3    |

## Buford Gibson Fined For Assault

A nolle prosequi was entered Thursday on a charge of assault with intent to do great bodily harm on Conrad Priesendorf, which had been filed against Buford Gibson on complaint of the former on June 23.  
In its stead was filed a charge of assault and battery against Gibson. At police headquarters he was fined \$100 and costs in the court of Judge C. W. Bente, sitting as ex-officio justice of the peace, and was granted 30 days in which to pay the fine.  
Gibson is employed at Swift's according to police record.

## Five More Japanese Ships Sunk

Forty-one Enemy Vessels Are Sent Down In Less Than A Month

By Charles H. McMurtry  
U. S. PACIFIC FLEET HEADQUARTERS, PEARL HARBOR, July 7—(AP)—The sinking of five more Japanese ships and destruction of nine more planes in the Bonin Islands during a Fourth of July foray by an American carrier task force was disclosed Thursday by Adm. Chester W. Nimitz.

This brought to 41 the total enemy ships sent down by carrier planes and raised Nipponese air losses to 835 since June 10 when the Fifth U. S. fleet moved into the Marianas to pave the way for invasion of Saipan.

The five additional sinkings, including two destroyer escorts, were scored in the vicinity of

Chichi Jima, 600 miles south of Tokyo. Today's communique thus disclosed for the first time that the Fourth of July task force assault on the volcano (Kazan) and Bonin groups was extended as far north as Chichi.

Tuesday, a communique listed attacks only on Haha Jima (Bonins) and two Jima (volcano) during which three destroyers, an oiler and a cargo ship were sunk.

Today's communique made the enemy's total losses in the Bonin-volcano operation on Independence day (east longitude; July 3, U. S. time) 10 ships definitely sunk, six probably sunk and at least 21 damaged.

Seven U. S. Planes Lost

Infliction of the new losses cost the Americans seven planes, five pilots and four air crewmen. Since June 10, listed American losses total 168 planes and 107 men.

These operations spread destruction along the severed line of supply between Japan and Saipan where a trapped enemy garrison appears resigned to die to the last man in a final fight on the north-eastern eighth of the island.

The Fourth of July attacks followed a carrier plane attack the previous day on Iwa Jima. That base was shelled by cruisers and destroyers on the Fourth.

Nimitz, detailing the Chichi Jima attack today, said the two destroyer escorts were sunk and a medium cargo ship damaged in an attack on a convoy 80 miles northwest of that base.

At Chichi Jima, a small oiler, a medium ammunition ship and a medium cargo ship also were sunk. In the two-day assault on the volcano and Bonins, the enemy's total air losses were 73 definitely shot down, 16 probably shot down and 27 destroyed or damaged on the ground—116 Nip aircraft knocked out of action.

## Society

A pre-Fourth of July picnic was held Monday evening on the lawn of the home of Mr. and Mrs. Harry Frederick, 1300 East Fourth street, by the employees of the Meadow Gold company. Forty persons attended, and a contributed supper was served at 7:30 o'clock. Games were played afterward.

## Return From Attending Girls' State

Three Young Girls Represented City of Sedalia

The fourth session of Girls State, project of the American Legion Auxiliary, closed at noon Wednesday and delegates from this city returned from Fulton that night.

The mythical state was divided into three counties in which were six cities comprised of five wards each. There were 24 senators, a governor and other officers elected. All girls were required to attend either the school of law, school for peace officers, school of journalism, school of music or the school of dramatics.

Winifred Griswold, selected by the Pettis county post 16, American Legion Auxiliary, to attend the "state" attended the school of law and successfully passed the bar examinations which entitled her to a certificate. She was elected by the Nationalist party as ward committeeman from her ward and was later elected senator for Boone City. She was a delegate from Price county to the state convention to nominate state officials for that party. Graduates of the law school acted as lawyers and judges at the trials held each day to acquaint them with the working of civil and criminal courts.

Attended Law School  
Mary Louise Chesser, sponsored by the Girl Scout organization, also attended the school of law and received her certificate. She was secretary of her table in the dining room, a delegate from Price county to nominate officers for the county election, a clerk of the municipal court, and acted as juror for some of the trials held for violations of various city, county and state ordinances. She was also on the committee for and acted in the skit held Monday night, "Hill Billy Wedding."

Hazel Kirkpatrick, sent by the Business and Professional Women's club, was a member of the Nationalist party and was sent to the state convention from the Fifth ward in Crowder city. She attended the school for peace officers and was election judge for both state and school. She was an assistant fire chief and was on jury service for some of the practice trials.

The three representatives report a most interesting week filled with both work and play, and feel that they have acquired a large amount of knowledge from the experience.

## Club Women Pray for Peace

The July meeting of the Sunny Side Homemakers' Club was held at the home of Mrs. Clarence Dow recently. Mrs. J. S. Driskell and Mrs. Jerry Tyler assisted in entertaining.

A contributed dinner was served at noon to 19 members and guests. The business session was presided over by the president, Mrs. C. Rodenbach. In keeping with the Spirit of Independence Day, Mrs. Milton Lewis presented the following program: Singing of "America" followed by the Club Collection, "Our National Inheritance and Individual Responsibility". Mrs. Paul Lewis; Interesting Facts Concerning Our National Holiday, Mrs. Jerry Tyler; Mr. Earl Crawford, guest speaker, gave a comprehensive talk on our state government. At the close of the program the club paused a few moments in silent prayer for world peace. Plans were then completed for the annual picnic for families and friends at the home of Mrs. C. Rodenbach on the evening of August 2. Mrs. J. S. Driskell and Mrs. E. E. Basse had charge of the games during the social hour.

Returns from Hospital  
Mrs. E. D. Sutherland, 1417 West Eleventh street, has returned home from the Security Benefit Association hospital at Topeka, Kas.

## Hoping to Aid U. S. Prisoners Of Japanese

Discussions are Underway, But No Results Yet

By William E. Lowell

WASHINGTON, July 7—(AP)—Repatriation of sick and wounded Americans held prisoners of war by Japan is under discussion with Tokyo, Senator Thomas (D-Utah) disclosed today. The discussions—without result as yet—are being conducted through the Swiss government.

Japan has refused thus far to repatriate military prisoners or any of the non-military construction workers captured on Guam and Wake, said Thomas, chairman of a senate foreign relations subcommittee.

Quoting a letter from Secretary of State Hull, Thomas told a reporter 19,919 American prisoners of war were held by Japan on May 25 and on May 23 there were 5,543 civilians held by the Tokyo government according to reports from representatives of the Swiss government and the International Red Cross.

Military intelligence, Hull said, reports only 17,175 war prisoners held by Japan, but that figure takes into account unofficially reported deaths in the Philippines. The provost marshal general, he added, advises that approximately 7,000 civilian internees have been reported.

Only Prisoners of Japan  
Hull's letter spoke only of returning home Americans held by Japan; the question of an exchange (the United States hold comparatively few Japanese prisoners of war) was not treated in it.

Some progress has been made in furnishing food, medical supplies and clothing for the imprisoned Americans, Thomas said. About 5,000 tons of supplies have been sent in the exchange ships and information has been received that it was properly delivered.

The Japanese, he said, offered to send a ship at regular intervals to Vladivostok, Russia, for additional supplies but the Russians balked at allowing the Japanese to enter that port and suggested two others. Japan has the alternate proposal under consideration.

Shipment of mail for prisoners of war from the United States by air to Teheran and thence to Japan by a surface route across the Soviet Republic has started, Thomas said. Japan has indicated willingness to forward home-bound prisoner mail by that route but none has been received yet, he added.
